Classwork: Counts for 10% of final grade

- 1 Daily Warm-ups/Quick Fire Challenges are part of the classwork grade.
- 2 Various group activities and work done in class will be part of this grade.
- 3 It is expected that you participate in class to get these points.

Tests and Quizzes: Counts for 80% of final grade

- 1 Quizzes will be given throughout chapter lessons.
- 2 Tests will be broken down by specific concepts.
- 3 You will have time before tests to study in and outside of the classroom.
- 4 There is an expectation of a minimum 80% grade to master an assessed concept.
All test grades below an 80% will be marked in the grade book as an incomplete until the deadlines for the retake on that concept.
- 5 Retakes should be taken for any test grade under an 80%; students can get up to an 80% on their retake
- 6 There is a tutoring and retake schedule; retakes must be taken during one of the retake times on the schedule. You must get tutoring or help before you can take the retake (retakes will only be admitted if you have a retake ticket).
If you cannot make one of the retake times, then please talk to me and we will try to work something out.

I have many of these materials in my classroom that you may use during class time.

Attendance: Regular attendance to this class is very important. In mathematics it is essential to keep up with the lessons being taught. No make-up work for unexcused absences will be accepted. All absences and tardies will be handled according to the Curtis High School attendance policies.

Special Tutoring Sessions: These sessions will be available either Tuesday or Thursday before or after school. Schedules indicating time and location will be posted.

Extra Help: I will be in my room by 7:00 every morning and will be available most days after school. Please check with me during class to see if I will be in my room after school. If you have any questions or need help, please take these opportunities. I would love to help anyone who seeks it!
