

Three-Year Linkage Plan

GP-8-E-1

To increase the board's access to the community, the board commits to "link" with the community at a variety of its meetings and activities. Toward that end, we will target individual community members and a diverse array of local organizations, seeking out opportunities on their "own turf" as well as at board meetings to solicit their views about desired results for our students. The following three-year plan is tentative in nature, and will be modified as needed.
